### 1. Name of the Event - Chemistry Magic Show

Date of the Event - 03-03-2021

**Activity Report-** Post graduate Department of chemistry, Khalsa College, Amritsar had organized a chemistry magic show on March 3, 2021 for school students. The main aim was to inculcate scientific temperament among the school students so that they choose science as a career path by showing experiments like magic milk experiment, Elephant toothpaste experiment, dancing rice. From this magic show students learned how to perform experiments while taking precautions. Our department decided to showcase these experiments to school students to show some magical experiments. Students of KCIPS Ranjit Avenue were very excited and expressed their views towards taking up a scientific life. MSc students showed some experiments from their textbook and explained the concept of acid base, redox reactions, precipitation reactions, and science in everyday life. In the end this magic show had a scientific impression in the student's mind which is the need of scientific world.
